

Innovation to **power** your vision

Meet the new AEM: 4 lines unified as one dynamic force:

- **AEM Hi-Rel**
- **AEM Components**
- **Central Semiconductor**
- **Renaissance Electronics**

We're not just ready for the future—we're building it, united in purpose, and redefining possibilities every step of the way.

- **Circuit Protection**
- **Semiconductors**
- **RF: Microwave to Millimeter Wave Components**

Join us. And get to know the new AEM.

Innovation to **power** your vision

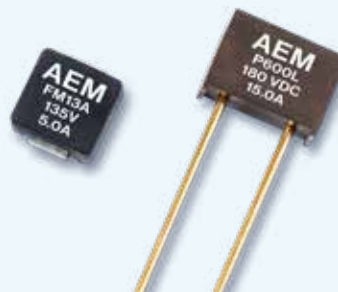

Circuit protection for industrial, automotive, & commercial applications

- AirMatrix® Platform
Case Size: 2410/1206
- SolidMatrix® Platform
Case Size: 1206/0603/0402
- CMF High Power Surface Mount Fuses
CM2822H, CM2840H, QM2822H
- TF-Fuse® Platform
TF0603, TF0402

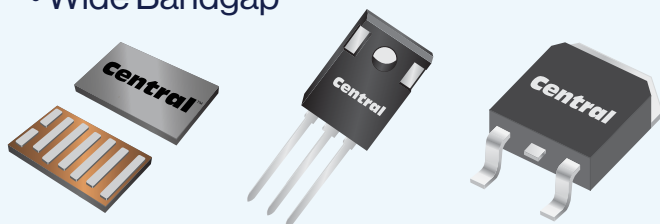

Circuit protection for aerospace & defense applications

- Hi-Rel Fuses
- Hi-Reliability Chip Resistors
- Hi-Rel Ferrite Chips
- Tin Whisker Mitigation

Standard and semi-custom packaged & bare die discrete semiconductor solutions

- Diodes
- Transistors (Small signal)
- Small Signal MOSFETs/JFETs
- Rectifiers
- Bipolar Power Transistors
- Wide Bandgap

RF: Microwave to Millimeter Wave Components to Sub-Systems Aerospace and Defense

- Attenuators
- Circulators and Isolators
- Power Dividers and Combiners
- Couplers
